Culinary Arts Event Welcomes Groups

The 39th Annual Military Culinary Arts Competitive Training Event at Fort Lee is open to the public March 9-13 from 9 a.m. to 5 p.m. with group visits welcome March 10-13.

Large groups (public and vocational schools, colleges, universities, and other groups over 15 people) may attend by submitting a request to the Fort Lee Public Affairs office. To obtain a request form, email ArmyFortLee.PAO@mail.mil. For more information about the event, see the [article](#) in the Traveller.

Music In Our Schools is Underway

Music In Our Schools is back! The popular 392nd Army Band program spanning March and April reaches thousands of students each year with an entertaining and educational program.

Requests for performances are being accepted now by the Fort Lee Public Affairs Office. The deadline for submitting requests is Feb. 24. To receive a request form, email ArmyFortLee.PAO@mail.mil.

Army Launches Awareness Campaign

The Army will release three public service announcements over the year to increase awareness of Gold Star and next-of-kin lapel pins.

Fox Sports aired the first PSA during the pregame broadcast for Super Bowl XLVIII.

The pins signify the loss of a loved one serving in the military in support of the nation. Although the Gold Star pins have been in existence for decades, many Americans are unfamiliar with their meaning. The PSAs were developed to help educate and inform the public of the significance of the pins.

"It's heartbreaking to think that a mom wearing a Gold Star might have someone ask her, 'What a beautiful pin, where do I get one?'," said Donna Engeman, a Gold Star wife who manages the Survivor Outreach Services program for the Army. [Read more](#)

Joint Land Use Study Summary Published

Crater District Planning Commission recently led a Joint Use Land Study (JLUS) for Fort Lee and area communities. The JLUS identified locations where land use conflicts between the civilian population and military installation are presently occurring or likely to occur in the future. Based on identified conflicts, land use and other recommendations were prepared. Read more about the results and recommendations at www.fortlee-jlus.com.
