

# **AER Kickoff and Town Hall Meeting**

**Feb. 28, 2 p.m., Post Theater**

Please join the Fort Lee Garrison team for the 2013 Army Emergency Relief Campaign kick-off and community Town Hall. The program will begin with a salute to the AER program ... for 71 years, it has helped the Army "take care of its own" with support and monetary contributions to military families in times of need. The Town Hall session will immediately follow the campaign kick-off. Topics of discussion will include the current budget situation and how it will affect post operations. Representatives from community support agencies will also be available to provide updates and information about installation facilities and services.
