APPLICABILITY
1-3. These standards apply to all United States military members, DOD civilians and contractors assigned to or visiting Fort Lee.

MILITARY MEMBER, DOD CIVILIANS AND CONTRACTORS RESPONSIBILITIES

Safety briefings/instructions will be executed as a part of all activities and leaders shall vigorously enforce safety standards.

1-5. Non-Commissioned Officers (NCOs) ARE THE STANDARD-BEARERS. The performance of duties should be in keeping with the highest tradition of service to the United States Government.
1-6. Leaders (military and civilian) teach, coach, and mentor subordinates to achieve all standards. Discipline is the process through which knowledge and ability is imparted, and a sense of accountability and responsiveness is manifested in our military members. Deferment of any leader development school may result in future separation selection.

1-15. Know and use your chain of command, NCO support channel and civilian leadership chain.

1-16. Attend all scheduled medical and dental appointments or request cancellation at least 48 hours prior to appointment date.

**LANGUAGE**

1-21. Military members, DOD civilians and contractors will refrain from using profanity in the presence of others. Military members should never use indecent language which is grossly offensive to modesty,

1-23. Hazing and bullying are prohibited in all cases, to include off-duty or "unofficial" celebrations or unit functions, on or off post. Hazing need not involve physical contact among or between military members or employees; it can be verbal or psychological in nature. LEGAL

1-27. Wills and powers of attorney, while optional, should be kept current and accurate. If changes are needed to a will or power of attorney, contact the legal assistance office immediately. Refer to page 8-4, paragraph 8-33 of this book for Legal Assistance contact information.

FAMILY READINESS GROUP (FRG)

1-28. AR 608-1, Appendix J., establishes guidelines for FRGs. Ensure your family members, whether residing on or off of Fort Lee, are aware of your unit’s FRG. These groups provide vital information and assistance to family members.

PERSONAL IDENTIFICATION INFORMATION (PII)

1-29. Personal Identification Information is any information about the individual that identifies, links, relates or is unique to or describe him or her. Examples of PII are names, Social Security Numbers (full or truncated), driver’s license and other government identification numbers. Social Security Numbers will not be displayed openly on any OCIE in whole or truncated. PII will be shredded in a cross shredder and not thrown into general trash bin. For more information on PII consult DoD 5400.11-R.

FAMILY CARE PLANS (FCP)

1-30. IAW AR 600-20, commanders and supervisors (military and civilian) must ensure that all paperwork and counseling are completed within 30 days for all eligible newly assigned personnel. Family Care Plans (FCPs) are critical to enhancing military member readiness. Commanders must review FCPs on a regular basis to ensure they remain current and comply with AR 600-20. Marines will follow Marine Corps Order (MCO) 1740.13, which mandates completion of the Family Care Plan within 60 days of arrival into command. The FCP will be validated during in-processing, annually, and/or when changes in family or personal circumstances occur that will result in a change to the dependent’s eligibility.

SPONSORSHIP

1-31. All inbound Army military personnel and DOD civilians will be assigned a sponsor, who will be of the same rank or higher than the incoming military member or DOD civilian. It is the sponsor’s responsibility to effectively communicate with the inbound military member or DOD civilian and ensure a smooth transition to Fort Lee for them and their family. The sponsor will initiate contact with the inbound member within 72 hours of being assigned the duties of sponsoring. Supervisors will ensure sponsors have adequate time to effectively conduct sponsorship duties. G1 will send a copy of the Command welcome letter to all inbound military and DOD civilians on behalf of the Command. All sponsors will meet with the newcomer upon arrival on Fort Lee to facilitate transition and in-processing.

COUNSELING

1-32. Counseling is one of the most important responsibilities of a military or DOD civilian supervisor. The Army’s future and the legacy of today’s leaders rest on the shoulders of those they help prepare for greater responsibility. Supervisors are required to counsel their subordinates quarterly, for exceptional as well as for substandard performance of duty. This responsibility is critical to the development of our Army and should be taken seriously by all supervisors.

PERSONAL FINANCES

1-33. All military members will have their pay sent directly to a financial institution for credit to an account in their name. All military member should create and organize their budget to live within their current income and pay their bills on time. Every military member and DOD civilian must know the Government Travel Credit Card (GTCC) is for official and routine TDY only. The GTCC is not for PCS expenses, group travel or personal reasons. The GTCC balance must be settled within 72 hours upon return from TDY or promptly upon PCS settlement at new duty station.
Chapter 2
Personal Conduct

GENERAL

2-1. Whether on or off duty, on or off-post, military members and DOD civilians shall conduct themselves in such a manner so as not to bring discredit upon themselves, Fort Lee, or the Armed Forces. Undesirable conduct includes, but is not limited to, drunk/reckless driving, drunk or disorderly conduct, offensive language or gestures and failure to satisfy financial obligations. Tobacco and e-cigar use is prohibited in government buildings and military vehicles. Smoking is only authorized in designated areas or at least 50 feet from any building. Fort Lee and the majority of surrounding communities have rules that govern music volume. Military members must comply with these laws.

MILITARY CUSTOMS AND COURTESIES (AR 600-25)

2-2. Courtesy among members of the Armed Forces is vital to maintain military discipline. Respect to seniors will be extended at all times. All Army personnel in uniform shall salute when they meet and recognize persons entitled to the salute. Salutes will be exchanged between officers (commissioned and warrant) and enlisted personnel of the Armed Forces.

2-3. Be alert for general officer and other senior officer vehicles, which are identified with plates depicting their rank attached to the front of the vehicle. Proper military courtesy requires that you render a salute to these officers as they pass.

2-4. The first person to sight an officer who is higher in rank than the officer present in the room should call “Attention.” When a senior noncommissioned officer enters a room/area, the first person to sight the senior NCO, should sound “At Ease”. Examples are unit headquarters, orderly rooms, supply rooms, dayrooms, squad rooms, and hallways. The senior military member present in the area should then report to the visitor (example: SGT Jones, NCOIC of the motor pool, reports). In smaller rooms, containing one or two military members, the military member(s) should rise and stand at the position of attention when an officer enters the room or parade rest when an NCO enters.

2-5. In work areas such as offices, shops, hangers, and medical treatment facilities, personnel can remain working, but the senior military member will report to the visiting officer.

2-6. Dining Facilities: The first person sighting an officer senior in rank to the unit commander or senior to those present in the dining facility should call “At ease” so that the officer’s presence is known and necessary action can be taken. Military members should fall silent but continue to work or eat. The senior dining facility OIC or NCOIC should report to the officer.

2-7. When an officer approaches military members in a formation, the person in charge calls, “Attention,” and renders a salute for the entire group. When an officer senior in rank approaches a group of individuals not in formation, the first person sighting the officer calls, “Attention,” and everyone in the group faces the officer and renders a salute with the appropriate greeting. Military members working as part of the detail or participating in some other group activity, such as athletics, do not salute. The person in charge, if not actively engaged, salutes for the entire detail or group of military members. While running in a PT formation the senior military member in charge of the running formation will sound off with respective “unit motto” Sir or Ma’am.
REVEILLE AND RETREAT

2-8. Reveille (0600): When you are outside, in uniform, not in formation and you hear “Reveille” you should face toward the US flag. If the U.S. flag is not visible, face toward the music and assume the position of attention. Military members will salute on the first note of music. When required, the senior Troop should bring the formation to attention and salute. If you are in civilian attire and hear “Reveille” you are expected to remove all headgear and place your right hand over your heart.

2-9. Retreat (1700): When you are outside, in uniform, not in formation and you hear the “Retreat” you should face toward the U.S. flag. If the U.S. flag is not visible, face toward the music and assume the position of attention. Military members will salute when “To the Colors” is played. When required, the senior Troop should bring the formation to attention and salute. If you are in civilian attire and hear “To the Colors” or the National Anthem, you are expected to remove all headgear and place your right hand over your heart. When indoors, not in a formation, personnel will stand at attention but will not present arms.

2-10. During Reveille/Retreat ALL VEHICLES on the installation will silence their radio and pull to the far right of the road and come to a stop. Military members, DOD civilians and contractors will dismount their vehicles and render the proper courtesy. Civilians may remain in their vehicle with engine turn off and radio silence.

2-11. Marines will follow P10520.3B which requires the vehicle to stop and personnel remain seated.

CELL PHONE AND ELECTRONIC DEVICE ETIQUETTE

2-12. Texting while driving in Virginia is prohibited by State Law (Code of Virginia 46.2-1078.1, Chapter 661). It is illegal for anyone operating a handheld personal communication device to enter manually multiple letter or text while operating a Private Own Vehicle.

2-13. Hands-free devices while operating a personal, commercial, or military vehicle (to include a motorcycle or bicycle) are allowed if not otherwise prohibited by policy or law in accordance with AR 385–10.

2-14. USMC MarAdmin 065/08 states all cell phones and other electronic equipment will not be exposed while worn with Marine Corps uniforms.

SOCIAL MEDIA USE

2-15. Military members using social media must abide by the Uniform Code of Military Justice (UCMJ) at all times. Commenting, posting or linking to material that violates the UCMJ or basic rules of Troop conduct is prohibited. Social media provides the opportunity for military members to speak freely about their activities and interests. However, military members are subject to UCMJ, even when off duty, so talking negatively about supervisors or releasing sensitive information is punishable under the UCMJ. It is important that all military members know that when they log on to a social media platform, they still represent the Army. Content posted online is viewable by commanders, supervisors and the public, so it is the responsibility of each Troop to make sure their comments, images and videos are consistent with their values and professional standards, and those of the Army and Fort Lee.

2-16. Social media outlets such as FACEBOOK, TWITTER, SNAPCHAT, INSTAGRAM, etc can be a great way to stay connected and pass along command information. Social media can also be a tool or threat depending on how it is used. Good or bad, a message can go viral very quickly. Below are some tips and hints to avoid compromising OPSE and embarrassing the Army.

- Don’t chat with someone unless you know them in real life.
- Never discuss classified information.
- Be wary of anyone you met online, even if you met through official military social network sites.
- Remain professional and avoid getting personal if you disagree with a comment.
- Disrespectful comments about the President of the United States (POTUS) and the chain of command is punishable under UCMJ.
• Be aware of photo/video content and how it can be taken out of context.
• Watch what you say online; use common sense, share your opinion but stay in your lane.
• Only "friend" actual friends and not just anyone.
• Your comments online are forever and “on the record.”
• Don’t discuss deployment details.
• Commenting, posting or linking to material that violates UCMJ or basic rules of military member conduct is prohibited.

2-17. Listed below are some tactics, techniques, and procedures that can be used to help prevent OPSEC violations:

• Contact your Public Affairs Office if you are contacted by the media.
• Interview Basics:
  ■ Always stay in your lane and tell the truth.
  ■ Talk about your job and how you are trained to do it.
  ■ Do not speak for any Higher Headquarters.
  ■ If you don’t know something, say so.
  ■ If asked questions outside of your responsibility, refer reporter to your public affairs office for answers, assistance or clarification.
  ■ Assume that everything you say in “on the record.”
  ■ You are in control of the interview. Listen and clarify before answering. You can always choose not to conduct the interview.
  ■ Be polite. Treat the media with respect and demand the same from them.
  ■ Perception is reality.
  ■ You are the message.
  ■ Facts provide information; emotions and energy provide interpretation.
• Have questions or need more information? Contact your unit Public Affairs Office or Staff Judge Advocate.

AVOID ENDORSEMENT

2-18. In accordance with AR 360-1, Army Public Affairs and DOD Directive 1344, military members will not support in any capacity events involving (or appearing to involve) the promotion, endorsement or sponsorship of any individual, civilian enterprise, religious or sectarian movement, organization, ideological movement or political campaign by appearing/attending the events in uniform and/or by use of their military rank, grade or position.

ON AND OFF-DUTY CONDUCT

2-19. Civilian attire should be a matter of personal pride. Military members should take care to ensure their clothing is clean, conservative, inoffensive and neat. When outside of a residence or barracks room, Military members will comply with Army and installation policy.

2-20. Military members are sworn to uphold the Constitution and serve the American people. Leaders have a right to expect that you will carry out your duties and conduct yourself properly, both on and off-duty. Civil laws pertain to all citizens, military members included. You must obey these laws.

2-21. Civilian clothing must be in good taste (i.e., military members should not go off post with their shirt off or unbuttoned down the front without a T-shirt). Wearing trousers or shorts lower than the waist so that the underwear becomes visible, sagging, is not in good taste and not acceptable for Fort Lee personnel. Items intended as undergarments are not acceptable to be worn as outer garments in public places, such as the PX, theaters, commissary, service clubs, chapels, clubs, dining facilities, and medical and dental facilities. Clothes that is excessively dirty, contains holes, is torn, or is adorned with vulgar and obscene slogans or design is prohibited on Fort Lee.
2-22. Civilian clothes that military members choose for off-duty wear should be in good taste and appropriate for the occasion. While excessively short shorts and halters are appropriate for sunbathing, they are not allowed in on-post facilities.

2-23. Swim wear is inappropriate beyond the confines of a swimming area and the immediate quarter’s area.

2-24. Military members will maintain a good military appearance while on leave/pass.

2-25. Male military members will not wear earrings on or off duty while on Fort Lee or any military installation, or other place under military control. When on any Army installation or other places under Army control, military members may not attach, affix, or display objects, articles, jewelry, or ornamentation to or through the skin while in uniform; or in civilian clothes on duty or off duty.

2-26. Wearing a combination of civilian and military clothing is prohibited on or off the installation.

2-27. Civilian clothing is considered appropriate attire for individuals who are participating in civilian outdoor activities, such as volksmarches, orienteering, organization day or similar activities. Military members who are spectators at these activities may wear the service uniform. However, the Commander may prescribe appropriate uniforms, to include utility or organizational uniforms, if warranted by the occasion, weather conditions, or activity.

**SPEED LIMITS**

2-28. Unless otherwise posted, the speed limit on Fort Lee is 25 mph. Housing areas speed limit is 15 mph. Speed limits are strictly enforced. Vehicular traffic will slow to 10 mph when passing any pedestrians on the roadway, regardless of what side of the road the pedestrians are on or how many lanes are on the road unless driving opposite on a road with a median. Vehicles should not pass troop formations during the hours of darkness.

**NOISE ABATEMENT**

2-29. Military members will not operate vehicles (to include motorcycles) with radios or other such sound systems at a volume that impairs the driver’s ability to hear outside sounds or another vehicle’s horn. Playing a radio, CD player, stereo, or any sound system too loud, in a vehicle, operating a motorcycle, walking on the street, in the barracks, or in housing is prohibited. No audio equipment may be played loudly enough to be heard more than 10 feet away. Fort Lee quiet hours are between 2300-0630 work nights and 0100-0800 weekends/holidays, no loud noises are permitted during this time.

**TRAFFIC REGULATIONS**

2-30. You must have a valid driver’s license, registration, and insurance to operate a motor vehicle. A Virginia state safety inspection is required, if the vehicle is registered in VA.

2-31. The use of required restraining devices (lap belts and shoulder belts when so equipped), when riding in any vehicle, on or off duty, on or off post, is mandatory. Failures to do so violates State law and may result in a fine IAW State law. In addition, insurance may refuse to pay a settlement if you are involved in an accident and found not to be wearing a seat belt. Children under the age of four must be secured in a Federally-approved child safety seat. All children between the ages of four and seven must ride in either a booster seat or a car seat. Kids 4’9” or taller or those riding in vehicles with lap-only seat belts in rear seats are exempt. Troop straps will be used while transporting military members in tactical vehicles. All military members driving or riding in a tactical vehicle will wear an Advance Combat Helmet (ACH) at all times. Passengers are not allowed to ride in the back of a privately owned truck or sport utility or non-tactical military vehicles unless they wear a manufacturer installed safety belt.

The use of an electronic cigarette while walking in uniform is not authorized.

ALCOHOL USAGE AND LAWS

2-34. Military members will not carry (on foot or in privately owned vehicles) open bottles or cans of alcoholic beverages except in areas designated for consumption of alcoholic beverages, such as picnic grounds.

2-35. Military members will know and use the designated driver rule. In lieu of a designated driver, use public transportation such as taxis, contact your chain of command.

Offenders will receive a memorandum of reprimand from the Commanding General that may be filed in their Army Military Human Resource Record (AMHRR).

RELATIONSHIPS BETWEEN PERSONNEL OF DIFFERENT RANKS

2-41. In accordance with AR 600-20, Army military members of different grades must be cognizant that their interactions do not create an actual or clearly predictable perception of undue familiarity between an officer and an enlisted Army military member, or between an NCO and a junior enlisted Army military member. Certain types of personal relationships between officers and enlisted military members, or NCOs and junior enlisted Army military members, are prohibited.

2-42. Through the Fort Lee Standards Book, the term “officer” includes both commissioned and warrant officers unless otherwise stated. The term “noncommissioned officer” refers to an NCO in the grade of corporal to command sergeant major/sergeant major. The term “junior enlisted member” refers to an Army military member in the grade of private to specialist (PVT-SPC).

2-43. In accordance with AR 600-20, relationships between military members of different rank are prohibited if they:

- Compromise, or appear to compromise, the integrity of supervisory authority or the chain of command.
- Cause actual or perceived partiality or unfairness.
- Involve, or appear to involve, the use of rank or position for personal gain.
- Are or perceived to be, exploitative or coercive in nature.
- Create an actual or clearly predictable adverse impact on discipline, authority, morale, or the ability of the command to accomplish its mission.
- Ongoing business relationships between officers and enlisted personnel, or NCOs and junior enlisted Army military members. This prohibition does not apply to landlord/tenant relationships or to one-time transactions such as the sale of an automobile or house, but does apply to
borrowing or lending money, commercial solicitation, and any other type of ongoing financial or business relationship.

- Dating, shared living accommodations other than those directed by operational requirements, and intimate or sexual relationships between officers and enlisted personnel, or NCOs and junior enlisted Army military members are prohibited.

2-44. Examples of familiarity between Army military members that may become “undue” can include gambling between all ranks, repeated visits to bars, nightclubs, eating establishments, or homes between an officer and an enlisted Army military member, or an NCO and a junior-enlisted Army military member, except for social gatherings, that involve an entire unit, office, or work section.
Chapter 3

Army Personal Appearance

3-1. Army military members will present a professional image at all times and continue to set the example in military presence, both on and off duty, in accordance with AR 670-1 (Army). All other services will follow their regulations governing personal appearance. Refer to following chapters that are service appropriate for uniform standards.

3-2. Pride in appearance includes Army military members’ physical fitness and adherence to acceptable weight standards in accordance with AR 600–9 (Army).

**HAIRCUTS, FINGERNAIL STANDARDS AND GROOMING POLICIES**

3-3. The requirement for hair grooming standards is necessary to maintain uniformity within a military population. Many hairstyles are acceptable, as long as they are neat and conservative. It is the responsibility of leaders at all levels to exercise good judgment when enforcing Army policy. All military members will comply with hair, fingernail, and grooming policies while in any military uniform, or in civilian clothes on duty.

3-4. Extreme, eccentric, or faddish haircuts or hairstyles are not authorized. If military members use dyes, tints, or bleaches, they must choose a natural hair color. Colors that detract from a professional military appearance are prohibited. Therefore, military members must avoid using colors that result in an extreme appearance. Applied hair colors that are prohibited include, but are not limited to, purple, blue, pink, green, orange, bright (fire-engine) red, and fluorescent or neon colors.

3-5. Military members who have a texture of hair that does not part naturally may cut a part into the hair or style the hair with one part. The part will be one straight line, not slanted or curved, and will fall in the area where the military member would normally part the hair. Military members will not shape or cut designs into their hair or scalp.

**MALE HAIRCUTS**

3-6. The hair on top of the head must be neatly groomed. The length and bulk of the hair may not be excessive and must present a neat and conservative appearance. The hair must present a tapered appearance. A tapered appearance is one where the outline of the military member’s hair conforms to the shape of the head, curving inward to the natural termination point at the base of the neck. Hair that is completely shaved or trimmed closely to the scalp is authorized.

3-7. Sideburns will not extend below the bottom of the opening of the ear. Sideburns will not be styled to taper, flair, or come to a point. The length of the individual hairs of the sideburn will not exceed 1/8 inch when fully extended.

**FEMALE HAIRCUTS AND HAIRSTYLES**

3-8. Short length. Short hair is defined as hair length that extends no more than 1 inch from the scalp. Hair may be no shorter than 1/4 inch from the scalp. Bangs, if worn, may not fall below the eyebrows.

3-9. Additional hairstyle guidelines. Faddish and exaggerated styles, to include shaved portions of the scalp other than the neckline, designs cut in the hair, unsecured ponytails (except during physical training), and unbalanced or lopsided hairstyles are prohibited.

3-10. Hair holding devices are authorized only for the purpose of securing the hair. All hair holding devices must be plain and of a color as close to the military member’s hair as is possible or clear.
3-11. Braids, cornrows, and twists. Medium and long hair may be styled with braids, cornrows, or twists.
3-12. Any style of dreadlock or lock is not authorized.
3-13. Hair extensions are authorized. Extensions must have the same general appearance as the individual’s natural hair.
3-14. Wigs, if worn in uniform or in civilian clothes on duty, must look natural and conform to this regulation. Wigs are not authorized to cover up unauthorized hairstyles.
3-15. During physical training, long length hair may be worn in a ponytail.

COSMETICS
3-16. Eccentric, exaggerated, or faddish cosmetic styles and colors, to include makeup designed to cover tattoos, are prohibited. Eyelash extensions are not authorized unless medically prescribed.
3-17. Females will not wear shades of lipstick that distinctly contrast with the natural color of their lips, that detract from the uniform, or that are faddish, eccentric, or exaggerated.

FINGERNAILS
3-18. All personnel will keep fingernails clean and neatly trimmed. Males will keep nails trimmed so as not to extend beyond the fingertip unless medically required and are not authorized to wear nail polish. Females will not exceed a nail length of 1/4 inch as measured from the tip of the finger.
3-19. Females may wear clear acrylic nails, provided they have a natural appearance and conform to Army standards.

HYGIENE AND BODY GROOMING
3-20. Military members will maintain good personal hygiene and grooming on a daily basis and wear the uniform so as not to detract from their overall military appearance.

TATTOO, BRANDING, AND BODY MUTILATION
3-21. Army military members Tattoos or brands are prohibited from certain areas of body. Please consult with AR 670-1, para 3-3 for more detail information.
3-22. According to AR 670-1, Chapter 3, paragraph 3-3c, tattoos or brands, regardless of subject matter, are prohibited on the head, face (except for permanent makeup), wrists, hands, except one ring tattoo on each hand, below the joint of the bottom segment (portion closest to the palm of each finger. Military members may NOT cover tattoos or brand with bandages or make up in order to comply with the tattoo policy. Please see AR 670-1, Chapter 3 for more detailed information on tattoo, branding and body mutilation.

JEWELRY
3-23. Any jewelry or monitors worn by military members while in uniform or in civilian clothes on duty must be conservative. Military members are only authorized to wear one item on each wrist while in uniform, or in civilian clothes on duty. An activity tracker, pedometer, or heart rate monitor may be worn, in addition to the one item (watch or identification bracelet) authorized to be worn on each wrist.
3-24. Pens and/or pencils worn in the pen/pencil slots on the combat uniform coat may be exposed. There are no stipulations on the colors of pens and/or pencils worn in the slots on the combat uniform coat while wearing the uniform.
3-25. Attaching, affixing or displaying objects, articles, jewelry, or ornamentation to, through, or under the skin, tongue, or any other body part is prohibited. This applies to all military members whether on or off duty.
3-26. Females are authorized to wear earrings with the service, dress, and mess uniforms.

3-27. The use of gold caps, platinum caps, or caps of any unnatural color or texture (permanent or removable) for purposes of dental ornamentation is prohibited. Unnatural shaping of teeth for nonmedical reasons is prohibited.

WEAR OF THE ARMY UNIFORM AT NATIONAL, REGIONAL, AND LOCAL EVENTS

3-28. When Army participation in a public event has been approved, in accordance with AR 360–1, commanders are responsible for determining the appropriate uniform for the event. Generally, protocol standards dictate standards of dress. For instance, when an invitation calls for business attire, the appropriate Army uniform is the service or dress uniform. However, in some instances, the Class C uniform may be appropriate. Commanders should make use of their protocol or other appropriate Public Affairs Officers (PAO) for a decision regarding the appropriate uniform per AR 670-1, para 3-5.

3-29. Commanders should use their discretion and consider the following when determining the appropriate uniform for the event:

- The nature and location of the event (for example, on or off-post).
- Whether or not the event is open to the public.
- The solemnity of the event.
- Who is being recognized at or by the event (is the event recognizing current military members or veterans)?
- Who is hosting the event?
- Who is attending the event?
- Whether the media will be present?

3-30. When attire is listed as “duty uniform,” the activities undertaken drive the appropriate uniform. “Duty uniform” does not necessarily indicate Class C uniform wear. When “duty” is listed as the uniform for an event, commanders need to exercise good judgment for participants and attendees.

3-31. If an event recognizes the service and sacrifice of military members for named operations, then the Army combat uniform may be appropriate. If the event recognizes the shared sacrifice of our veterans on Veteran’s Day, then the service uniform is appropriate. In all cases, the Army is on display. Commanders are expected to recognize the difference and prescribe a uniform appropriate for an event.

3-32. When commanders are in doubt regarding the appropriate uniform, they should seek guidance from their higher headquarters and/or the appropriate public affairs or protocol office.

*Note: IAW AR 670-1 para 3-5, the above paraphrased paragraphs (para 3-26 through para 3-30) are punitive with regard to Army military members. Violation by Army military members may result in adverse administrative actions and/or charges under the provisions of the UCMJ.

ARMY UNIFORM APPEARANCE AND FIT

3-33. Personnel on official travel and traveling by commercial means may wear the service uniform, the Army combat uniform, or appropriate civilian attire, unless restricted by the commander per AR 670-1 para 3-7.

3-34. All personnel will maintain a high standard of professional dress and appearance. Uniforms will fit properly, as described in DA Pam 670–1. Personnel must keep uniforms clean, serviceable, and roll-pressed, as necessary. Military members must project a military image that leaves no doubt that they live by a common military standard and uphold military order and discipline per AR 670-1 para 3-6.

3-35. Consider the following when wearing items on uniforms:

- Keys or key chains will not be attached to the uniform on the belt, belt loops, or waistband, unless they are not visible (to include making a bulky appearance under the uniform). When
authorized by the commander, military members may attach visible keys or key chains to the uniform when performing duties such as charge of quarters or armorer.

- Military members may wear an electronic device on the belt, belt loops, or waistband of the uniform. Only one electronic device (for example, cell phone) may be worn. The body of the device may not exceed the size of a government-issued electronic device, and the device and carrying case must be black; no other colors are authorized. If security cords or chains are attached to the device, military members will conceal the cord or chain from view. Other types of electronic devices are not authorized for wear on the uniform, unless medically prescribed. If the commander issues and requires the use of other electronic devices in the performance of duties, the military member will carry them in the hand, pocket, briefcase, purse, bag, or some other carrying container.

- Military members will not walk while engaged in activities that would interfere with the hand salute and greeting of the day or detract from a professional image. Examples include, but are not limited to, walking while eating/drinking, using electronic devices, or smoking cigarettes/cigars/pipes. Military members are not authorized to wear wireless or non-wireless devices/earpieces while wearing Army uniforms. While in uniform, personnel will not place their hands in their pockets, except momentarily to place or retrieve objects. Military members will keep uniforms buttoned, zipped, and snapped.

3-36. Lapels and sleeves of service, dress, and mess coats and jackets will be roll-pressed, without creasing. Skirts will not be creased. Trousers, slacks, and the sleeves of shirts and blouses will be creased. Military members are not authorized to sew military creases into the uniform.

3-37. Although some uniform items are made of wash-and-wear materials, or are treated with a permanent-press finish, military members may need to press these items to maintain a neat, military appearance. However, before pressing or roll pressing uniform items, military members should read and comply with care instruction labels attached to the items. Use of starch, sizing, and any process that involves dry-cleaning or steam pressing will adversely affect the treatments and durability of the wash-and-wear uniforms and is not authorized. See DA Pam 670–1 regarding specific guidance pertaining to each uniform.

3-38. Army military members will wear their headgear when pumping gas outdoors while in duty uniform.

**EYEGLASSES, CONTACTS, AND SUNGLASSES**

3-39. Prescription eyeglasses will not be faddish or have lenses or frames with initials or other adornments on them while in any U.S. Army uniform. Eyeglasses will not be worn on the forehead or over your head.

3-40. Tinted or colored contact lenses are not authorized for wear with the uniform. The only exception is for opaque lenses that are prescribed medically for eye injuries. Additionally, clear lenses that have designs on them that change the contour of the iris are not authorized for wear with the uniform.

3-41. Sunglasses are authorized for wear when in a garrison environment, except while indoors unless prescribed by a doctor. Military members may not wear lenses with extreme or trendy colors, which include, but are not limited to, red, yellow, blue, purple, bright green, or orange. Lens colors must be traditional gray, brown, or dark green shades. Frames must be conservative in color. Commanders may authorize sunglasses in formations or field environments, as appropriate. The only exceptions to this prohibition are issued sunglasses and protective eye wear that have the manufacturers name/initials on them and are stamped Z87 rated (such as Oakley, Wiley-X, and ESS). Military members will not wear lenses or frames that are so large or so small that they distract from the appearance of the uniform. Military members will not attach chains, bands, or ribbons to sunglasses or eyeglasses, unless authorized for wear when required for safety purposes while in garrison. Conservative prescription and nonprescription sunglasses are authorized for wear in a garrison environment. Sunglasses are not authorized to be worn on the forehead or over your head.

**HEARING PROTECTION**

3-42. Army military members are required to wear fitted non-linear hearing protection in all military training/operations involving high-frequency impulse noise that can cause injury to military members
hearing. Foam earplugs are NOT authorized for military training. Foam earplugs are only authorized for those observing training from a safe distance (minimum 10 minutes).

CELL PHONES AND ELECTRONIC DEVICES

3-43. Per AR 670-1, para 3-6 (2) b, Army military members may wear an electronic device on the belt, belt loop, or waistband of the uniform. Only one electronic device (for example, cell phone) may be worn. The body of the device may not exceed the size of a Government-issued electronic device, and the device and carrying case must be black; no other colors are authorized. If security cords or chains are attached, military members will conceal the chain or cord from view. Other types of electronic devices are not authorized for wear on the uniform, unless medically prescribed. If the commander issues and requires the use of other electronic devices in the performance of duties, the Army military member will carry them in hand, pocket, brief case, purse, bag, or some other carrying container.

3-44. Any use of a hands free cell phone listening devices (e.g. Bluetooth) while in any uniform is prohibited. The only exception is while operating a motor vehicle (POV or Military) to comply with local and federal traffic regulations. Texting and driving on the installation is prohibited. Local and State Statutes prohibit texting while driving.

BAGS

3-45. Army military members may use civilian backpacks or rucksacks. However, they must be black or match the camouflage pattern uniform being worn, without any visible logos. The contents of the bag may not be visible; therefore, see-through plastic or mesh bags are not authorized. Only a nametape and rank can be placed on the bag, no other items are authorized (unit patches, special skill badges, civilian patches and U.S Flag).

HAND CARRIED BAGS

3-46. Bags will be conservative and professional in appearance. Bags (to include civilian gym bags, civilian backpacks, or other similar civilian bags) must be carried only in the hand if they do not meet the criteria outlined in shoulder bags.

FEMALE HANDBAGS

3-47. Army female military members may carry black handbags in the hand or over one shoulder. Military members may not wear the shoulder bag in such a manner that the strap is draped diagonally across the body with the purse resting on the hip opposite the shoulder holding the strap.

ARMY IDENTIFICATION TAGS AND SECURITY IDENTIFICATION BADGES

3-48. Wearing identification tags is governed by AR 600–8–14.

3-49. Army military members will wear identification tags at all times while on duty in uniform unless otherwise directed by the commander.

3-50. Personnel will wear identification tags around the neck, except when safety considerations apply (such as during physical training, or when conducting vehicle maintenance).

3-51. Security identification badges. In restricted areas, commanders may prescribe wearing security identification badges, in accordance with AR 600–8–14 and other applicable regulations. Personnel will not wear security identification badges outside the area for which they are required.

ARMY PERSONAL PROTECTIVE OR REFLECTIVE CLOTHING

3-52. Army military members are authorized to wear commercially designed protective headgear while in uniform when operating motorcycles, bicycles, or other similar vehicles and are required to do so when
installation regulations mandate such wear. Military members will remove protective headgear and wear authorized Army headgear upon dismounting from the vehicle.

3-53. Military members may wear protective and/or reflective outer garments with uniforms when required per AR 385–10, when safety considerations make it appropriate, or when authorized by the commander.

3-54. Coveralls are protective clothing and may only be worn in the respective work areas.

ARMY COMBAT UNIFORM AUTHORIZATION FOR WEAR

3-55. The combat uniform is authorized for year-round duty wear by military members, when prescribed by the commander.

3-56. Non-standard identification badges or gear (such as Red Cap for Riggers and ID instructor badges) are not authorized for wear off the installation.

3-57. The combat uniform (ACU/OCP/Multi-Cam) is prescribed for year-round wear for all military members, unless otherwise directed by the commander. Personnel may not wear the combat uniform in off-post establishments that primarily sell alcohol for consumption on the premises. If the off-post establishment sells alcohol and food for consumption on the premises, military members may not wear the combat uniform if their activities in the establishment center on the drinking of alcohol.

3-58. Though highly discouraged, military members may wear the combat uniform for commercial travel.

3-59. The combat uniform is not considered appropriate for social or official functions off the installation, such as memorial services, funerals, weddings, inaugurals, patriotic ceremonies, and similar functions.

3-60. All military members on Fort Lee will wear approved ACU or OCP combat boot. The boots are laced diagonally with tan laces, with the excess lace tucked into the top of the boot under the bloused trousers or slacks, or wrapped around the top of the boot. Metal or plastic cleats and side tabs are not authorized for wear. The boots must be between 8 to 10 inches in height and made of tan flesh-side out cattle hide leather, with a plain toe and a soling system matching the color of the tan upper materials. Rubber and polyether polyurethane are the only outsole materials that are authorized. The soling materials will not exceed 2 inches in height, when measured from the bottom of the outsole, and will not extend up the back of the heel or boot or over the top of the toe. The exterior of the boot upper will not contain mesh but will be constructed of either all leather or a combination of leather and no mesh fabric. The boots will not have any zippers on them.

Examples of Unauthorized boots

Figure 3-1. Unauthorized Boots (Army)
3-61. Sleeves will be worn down at all times (not rolled or cuffed). The sleeve cuffs on the combat uniform coat are not authorized to be rolled inside the coat.

3-62. The foliage green T-shirt is a standard 100 percent cotton shirt authorized for wear by those military members in jobs that have an associated flame risk or hazard. The foliage green T-shirt is required to support those individuals in MOS fields that cannot wear the light tan moisture-wicking T-shirt, to include fuel handlers and others who handle hazardous materials. This wear policy will not prevent military members from wearing the sand colored moisture wicking T-shirt with the Army combat uniform (ACU/OCP/Multi-cam), but it will allow those military members who have an associated flame risk in their job to have alternative wear when appropriate.

3-63. The ACU/OCP/Multi-cam is designed to be a loose fitting uniform and may not be altered or tailored. Trousers will be bloused, using the draw cords or blousing rubbers if trousers are not tucked into the boots.

3-64. In garrison and non-tactical training, the full color U.S. Flag Replica will be affixed to the right shoulder above any other shoulder sleeve insignias. During tactical training and combat operations, the Brigade commander will designate the appropriate flag.
PATROL CAP

That is, it will be worn over both shoulders and military members will not let the drinking tube hang from their mouths when the system is not in use.

TACTICAL UNIFORM

3-68. Commanders and NCOs are responsible for establishing uniform standard operating procedures (SOPs) for combat operations and tactical training. All leaders will ensure the following minimum guidance is met.

3-69. Components. Leaders will ensure all military members wear and maintain all tactical and protective gear properly. Tactical gear includes, but is not limited to, the Advance Combat Helmet (ACH), Individual Outer Tactical Vest (IOTV) or Individual Body Armor (IBA), if issued, with components of the MOLLE system. Protective gear includes Small Arms Protective Inserts (SAPI) or Enhance Small Arms Protective Inserts (ESAPI), Deltoid and Auxiliary Protector Sets (DAPS), neck and throat protector, ballistic eyewear, goggles, hearing protection and flame resistant gloves such as NOMEX. ACU, or OCP individual pattern are the only authorized patterns for wear. The practice of mixing patterns (ACU, OCP, Multi-Cam) is not authorized.

3-70. Advance Combat Helmet (ACH). The ACH will be complete with ACU cover, pad suspension system, retention system (chinstrap), camouflage band, and NVG mount. Wear the ACH with the chinstrap fastened at all times (refer to your organization’s SOP for additional details). Full or parts of a military member’s social security number will not be displayed on the ACH, for security reasons.

3-71. Individual Outer Tactical Vest (IOTV/IBA). The IOTV/IBA will be worn closed with all snaps, hooks and loops fastened, nametape and rank. Commanders may dictate wear SOPs.

3-73. All protective equipment will be worn during Live Fire Exercises (LFXs). Protective gear includes IOTV, ballistic eyewear (goggles), gloves and hearing protection.

PHYSICAL FITNESS UNIFORM

3-74. Physical readiness is important to the successful accomplishment of our daily missions. All supervisors must make every effort to ensure their military members are present at physical fitness training daily. Every military member assigned to Fort Lee and CASCOM must be fit to fight. Every Troop will do physical training every duty day. The standard for every military member is to pass the Army Physical Fitness Training (APFT). When conducting unit runs, focus should be on team building and assessment. PT will occur from 0500-0730. Units/agencies are not authorized to conduct organized Physical Training (PT) prior to 0500 without COL (Brigade Commander/Commandant) approval (including Foot marches). Military members conducting PT on any non-standard PT route are required to have a “Battle Buddy”.

Mission requirements are priority, if military members are unavailable for daily morning formation,
supervisors MUST ensure military members are allotted time to conduct physical training during the duty day. Colonels/CW5/Sergeants Major may conduct physical training on their own or with their respective company/section.

3-75. When calling cadence, the use of profanity, sexual innuendo, or language demeaning to others is prohibited. Military members are encouraged to call cadences that promote esprit de corps.

Figure 3-3. Army Physical Fitness Uniform
3-78. The Physical Fitness Uniform (serviceable and clean) is authorized for wear on the installation (Fitness Training, Medical Facility, Dining Facility (DFAC), and Post Exchange – Extra (PXtra) only). Personnel may not wear the physical fitness uniform in off-post establishments, unless for purchase of essential items (for example, gas). 3-79. The foliage green or black micro watch cap is worn with the physical fitness uniform or combat uniform in field environments when the ACH is not worn, on work details, or in other environments where wearing the patrol cap is impractical, as determined by the commander. Personnel wear the watch cap pulled down snugly on the head. In order to wear the cap properly, the bottom edge (a portion of or all) of the cap may be folded, but not rolled. During extreme cold weather, military members exposed to those conditions for an extended period may wear the foliage green micro-fleece cap as an outer headgear at the unit leader’s discretion. This pertains mostly to military members working on flight lines, in motor pools, and on work detail.

3-80. The reflective belt MUST be worn with the APFU/IPFU when conducting physical training including in the gym. The color of PT belt worn will be determined by Brigade SOPs. 3-82. Army military members are authorized to wear commercially purchased gray or black spandex shorts under APFU/IPFU shorts. The length of the shorts must end above the knee or higher. Athletic socks with no logos (white or black) must be worn and shall not be below the ankle when worn.

3-83. For motivational purposes, unit T-shirts that are voluntarily purchased are authorized for wear when conducting physical fitness training at battalion and separate company level or higher. However, unit T-shirts are not authorized for wear when conducting routine physical fitness training. Battalion Commanders may substitute a distinctive unit T-shirt for the IPFU T-shirt within the following guidelines. (NOTE: Individual purchase of distinctive unit T-Shirt must be voluntary.). Shirts may have the same logo on the front of the shirt as battalion. Company logos are authorized on the back of battalion T-shirts however logos must be in good taste with no profanity, nudity, or gross images.

3-84. The installation commander has approved the use of headphones, including wireless or non-wireless devices and earpieces, in uniform while performing individual physical training in indoor gyms or fitness centers. Soldier may not beyond the exit doors of fitness center or gyms in any manner, including around the neck or attached to the uniform. Headphones will be conservative or discreet. Ear pads will not exceed 1-1/2 inches in diameter at the widest point. Military personnel may wear electronic devices, such as music players or cell phones, as permitted in AR 670-1, para 3-6a(2)(b). NAVY PROFESSIONAL APPEARANCE

7-1. Men. Will keep hair neat, clean and well groomed. Hair above the ears and around the neck shall be tapered from the lower natural hairline upwards at least 3/4 inch, and outward not greater than 3/4 inch to blend with hairstyle. Hair on the back of the neck must not touch the collar. Hair shall be no longer than four inches and may not touch the ears, collar, extend below eyebrows when headgear is removed, show under front edge of headgear, or interfere with properly wearing military headgear. The bulk of the hair shall not exceed approximately two inches. Bulk is defined as the distance that the mass of hair protrudes from the scalp. Hair coloring must look natural and complement the individual. Faddish styles and outrageous multicolored hair are not authorized. The unique quality and texture of curled, kinked, waved, and straight hair are recognized, and in some cases the 3/4 inch taper at the back of the neck may be difficult to attain. In those cases, hair must present a graduated appearance and may combine the taper with a line at the back of the neck. A single (cut, clipped or shaved) natural, narrow, fore and aft part in the hair is authorized. Varying hairstyles, including afro, are permitted if these styles meet the criteria of maximum length and bulk, tapered neck and sides, and do not interfere with properly wearing military headgear. Plaited or braided hair shall not be worn while in uniform or in a duty status. Keep sideburns neatly trimmed and tailored in the same manner as the haircut. Sideburns shall not extend below a point level with the middle of the ear, shall be of even width (not flared) and shall end with a clean shaven horizontal line. "Muttonchops,” "ship's captain,” or similar grooming modes are not authorized.

7-2. Women. Acceptable Hairstyle Criteria- Hairstyles and haircuts shall present a professional and balanced appearance. Appropriateness of a hairstyle shall be evaluated by its appearance when headgear is worn. All headgear shall fit snugly and comfortably around the largest part of the head without distortion or excessive gaps. Hairstyles will not interfere with the proper wearing of headgear, protective masks or equipment. When headgear is worn, hair shall not show from under the front of the headgear, with the exception of the Tiara and Beret. Hair (including bun) is not to protrude from the opening in the back of the ball cap. Lopsided and extremely asymmetrical hairstyles are not authorized. Angled hairstyles will have no more than a 1-1/2 inch difference between the front and the back length of hair. Layered hairstyles are authorized provided layers present a smooth and graduated appearance. Hair length, when in uniform, may touch, but not fall below a horizontal line level with the lower edge of the back of the collar. With jumper uniforms, hair may extend a maximum of 1-1/2 inches below the top of the jumper collar. Long hair, including braids, shall be neatly fastened, pinned, or secured to the head. When bangs are worn, they shall not extend below the eyebrows. Hair length shall be sufficient to prevent the scalp from being readily visible (with the exception of documented medical conditions). Hair bulk (minus the bun) as measured from the scalp will not exceed 2 inches. The bulk of the bun shall not exceed 3 inches when measured from the scalp and the diameter of the bun will not exceed 4 inches. Loose ends must be tucked in and secured. Hair, wigs, or hair extensions/pieces must be of a natural hair color (i.e. blonde, brunette, brown, red, gray, or black). Hair extensions/pieces must match the current color of hair. Wigs, hairpieces and extensions shall be of such quality and fit so as to present a natural appearance and conform to the grooming guidelines listed herein. Tints and highlights shall result in natural hair colors and be similar to the current base color of the hair.
7-3. Hairstyles. Hairstyles shall not detract from a professional appearance in uniform. Styles with shaved portions of the scalp (other than the neckline), those with designs cut, braided, or partied into the hair, as well as dyed using unnatural colors are not authorized. The unique quality and texture of curled, waved and straight hair are recognized. All hairstyles must minimize scalp exposure.

7-4. Three strand braids and two strand braids (also referred to as twists) are authorized.

7-5. Multiple braids. Multiple braids consist of more than 2 braids and encompass the whole head. When a hairstyle of multiple braids is worn, each braid shall be of uniform dimension, small in diameter (no more than 1/4 inch), and tightly interwoven to present a neat, professional, well-groomed appearance. Foreign material (e.g., beads, decorative items) shall not be braided into the hair. Multiple braids may be worn loose, or may be pulled straight back into a bun, within the guidelines herein.

7-6. Two individual braids. One braid worn on each side of the head, uniform in dimension and no more than one inch in diameter. Each braid extends from the front to back of the head near the lower portion of the hair line (i.e., braids are closer to the top of the ear than the top of the head to prevent interference with wearing of headgear). A single French braid may be worn starting near the top of the head and be braided to the end of the hair. The end of the braid must be secured to the head and braid placement shall be down the middle of the back of the head.

7-7. Corn rows. Must be in symmetrical fore and aft rows, and must be close to the head, leaving no hair unbraided. They must be no larger than 1/4 inch in diameter and show no more than approximately 1/8 inch of scalp between rows. Corn row ends shall not protrude from the head. Rows must end at the nape of the neck and shall be secured with rubber bands that match the color of the hair. Corn rows may end in a bun conforming to the guidelines listed herein, if hair length permits.

7-8. Rolls. Two individual rolls, one on each side of the head, must be near the lower portion of the hair line (i.e., rolls are closer to the top of the ear than the top of the head and will not interfere with wearing of headgear). Rolls must be of uniform dimension and no more than one inch in diameter.

7-9. Hair Accessories. When hair accessories are worn, they must be consistent with the hair color. A maximum of two small barrettes, similar to hair color, may be used to secure the hair to the head. Bun accessories (used to form the bun), are authorized if completely concealed. Additional hairpins, bobby pins, small rubber bands, or small thin fabric elastic bands may be used to hold hair in place, if necessary. The intent is for pinned-up hair to be styled in a manner that prevents loose ends from extending upward or outward from the head. For example, when using barrettes or hairpins, hair will not extend loosely from the head; when hair is in a bun, all loose ends must be tucked in and secured. The risk management process will be integrated into all planning phases of training. Military members will ensure that unnecessary risk is not taken. An unnecessary risk is one which could be reduced or eliminated and still accomplish the mission.

8-3. Performing to standard is one of the key steps in preventing accidents; however, each leader must be aware that written standards may not exist for every task. High-risk tasks must be identified and reviewed to ensure that adequate standards exist and that unnecessary risks are eliminated. It is the leader’s responsibility to ensure standards are enforced and unnecessary risks are not taken.

8-4. All military members, DOD civilians and Contractors will not operate Army motor vehicles unless properly licensed. Army motor vehicle sustainment and refresher training is the key to accident prevention.
