Independence Day Safety Message

1. The United States Army has played a critical role for over 241 years in preserving and protecting our Nations freedom and way of life. As we reflect with pride on our heritage and accomplishments, we must remember the importance of preserving the well-being of our military, family members, and civilians.
2. This American Holiday brings BBQs in our backyards and firework displays in our hometown squares. The increase of outdoor activities requires all of us to remain vigilant and manage risks associated with celebrations and recreational activities. Engaged leadership and individual commitment are keys to success.
3. Prior to this weekend, all leaders will conduct safety briefings and ensure risk management is addressed with our military and civilian members. It is imperative to stress the importance of safe and responsible behavior. We are individually accountable and collectively responsible for our actions.
4. Thank you for your service and all you do for our Army and Nation. Enjoy the holiday and return safe and rested. Remember, each of you are a vital part of the CASCOM and Fort Lee Team!
