Veterans Day Safety Message

1. Veterans Day is a time to honor men and women who proudly serve, or have served in the Armed Forces of our great nation. Originally established as Armistice Day by President Woodrow Wilson on November 11, 1919, it was changed to Veterans Day in 1954.
2. Accidents pose an immediate threat to the safety and well-being of our Soldiers, Civilians, and Family Members. All of us are susceptible to accidents and must therefore remain vigilant to guard against them. The best protection is to maintain our focus with regard to hazardous situations. Apply the principles of risk management to every situation, event and activity.
3. Leaders' experience and concern are key in making a difference between a safe or disastrous holiday. Thank you for your dedication, commitment and support. Enjoy the holiday and return safely. Remember, each of you are a vital part of the CASCOM team!!
